To

Officiating Secretary to the Government of
His Highness the Maharaja of Mysore,

BANGALORE.

Sir,

I have the honor to forward herewith an extract from the Proceedings of the meetings of the Holalkere Municipal Board held on 25th ultimo proposing the levy of octroi duty on sundry articles in the Holalkere Municipality, and to state that this town has been very insanitary as works of drainage and other improvements could not be carried out for want of funds. During the rainy season, the streets in the town become very slushy. Besides, the chief source of water supply to the people has been from the Honda to which the muddy water from the tank is let as often as the water therein decreases. This becomes unwholesome in the hottest part of the year especially in years of scanty rainfall and begets fever and kindred diseases and makes the place thoroughly insanitary. Besides, water supply is also very defective. A large amount is required to sink wells.

In view to improve the resources of the Municipality, the Board have proposed the levy of duty on the marginally noted articles at rates noted against each. As the proposed levy is likely to bring in a substantial income of Rs 3000 annually, I beg to support the resolution of the Board, and request that Government may be pleased to accord

His Highness the Maharaja of Mysore,
General and Revenue Departments

Sir,

With reference to your docket no 8063/Mr 416-09-4 dated 29th March 1911, Calling for further information in the matter of the extension of Octroi duty and levy of Market-fee or toll at Holalkere, I have the honour to State that the Board have resolved that a duty of 0-8-0 may be levied on 100 dry Cocoanuts, but as it was considered difficult to levy the duty as mentioned above, on account of the dry Cocoanuts being brought sometimes to the Sante in bad-

(P.T.O.)

(1256) and at another time in broken pieces, it was recommended that a duty of 0—8—0 per maund may be levied, as this was thought to be easy and Convenient I request therefore, that Sanction may kindly be accorded to levy duty at 0—8—0 per maund about 70 Cocoanuts go to make one maund

2 The duty which is proposed by the Board to be levied on jaggory at 0—1—0 per maund is Correct and may be Sanctioned.

3 There appears to be no objection to levy a duty of 0—8—4 on every 100 fresh Cocoanuts at 0—0—1 each as suggested, which may also be Sanctioned

4 As regards the levy of market fees on carts, I beg to state that

(1) When carts laden in full with dutiable articles come to the Sadr only duty will be levied and no market-fee

(2) When empty carts come to the Sadr, only market-fee will be levied as proposed

(3) When carts laden in full with other than dutiable articles come to the Sadr, only market-fee will be levied

(4) When carts partly laden with dutiable and partly with non-dutiable articles come to the Sadr, duty on the dutiable articles will be levied and half market-fee on the cart

5 It is proposed to levy the

octroi on Ordinary and as well as on Sunthe days and the market fee only on Sunthe days

6 I Solicit early Sanction to the proposals in order that these may be brought into force tentatively for a period of two years from 1st July 911 as already recommended

7 The vernacular records bearing on the Subject, are herewith Submitted

I have the honor to be,
Sir,
your most obedient Servant
